

Fundraiser 2010

We invite you to join us in 2010 as a sponsor for our 6th Annual Voices of Humanity Fundraising Luncheon on Thursday, October 14, 2010 at the Westin Seattle, 11:30am to 1:30pm.

Sponsorship is critical for non-profits. Your support makes it possible for the Holocaust Center to cover costs of our fundraiser and allow the donations of our attendees to go directly to our mission of providing critical education for young people and adults. When students study the Holocaust, they also learn about human behavior, social responsibility, moral courage, and the difference just one person can make. Genocide, prejudice, and hate crimes do not take a respite during difficult economic times and neither can the Center. This is the reason we need your support!

This year we honor Robert Herschkowitz for his selfless commitment to Holocaust education as a member of the Center's Speakers Bureau, for his excellence as a Holocaust teacher in our community, and for his service to the Center as board past-president and scholar.

Our luncheon speaker is Dr. Robert Jan Van Pelt, Auschwitz scholar, professor, and author. Van Pelt's latest book, *Flight from the Reich*, tells the story of families like Bob's who escaped to freedom and life.

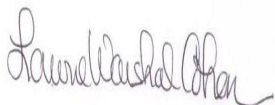

As a sponsor, your name and company logo will be included on our website, save the date, invitation, and materials at the event. We will highlight sponsors on our facebook page, blog, and enewsletter. Students, teachers, community members, and luncheon attendees will be aware of your support for Holocaust education.

Your sponsorship is a leadership statement that encourages donors to increase their contributions. It is a win-win partnership for you and for the Center.

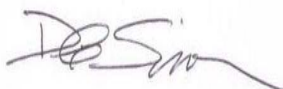

We look forward to your support in 2010.

Please contact us at info@wsherc.org for more information about sponsorships and see our opportunities page on this website.

Sincerely,

Laurie Warshal Cohen
Co-Executive Directors

Delila Simon

Chuck Stempler
Board President
